

Nucleus 3 Studio Desk NUC-003/18102

Nucleus Series desks are made from high quality materials and allow you to expand your workstation as your needs grow- all while providing a quality level and feature base miles ahead of other desks at their price point.

Powder Coated Finish

Constructed from MDF (Medium Density Fiberboard) with a powder coat finish.

Decoupling

Both legs have sonic isolation and decoupling to make sure your music sounds right.

Keyboard Tray

The Nucleus 3 includes an adjustable tray that can slide in/out & up/down.

Second Tier

The Nucleus 3 includes a roomy second tier that allows for extra gear.

Add a Left
12 Space Rack
