

# ULTIMATE ACOUSTICS

## UA-PYD-WT

24"x24" Pyramid Shape Diffusor – QTY 4

Ultimate Acoustics® UA-PYD-WT Pyramid Diffusors combine shape and a hard, high-impact surface to diffuse sound evenly across the room to control “flutter & echo” effects. The UA-PYD-WT is a great choice for tracking spaces, control rooms or any environment in need of controlling sound reflections. The Class A Pyramid Diffusors help maintain a “live” sound and lend a sense of dimension to any room. The UA-PYD-WT comes in a white textured finish.

**FOUR  
PACK**
