ULTIMATE S U P P O R T[®]

Lay core table facing down with screw holes facing up. Push in the six dowel rods, three on each side of core table. Use 16 provided screws to attach the four brackets to core table. Brackets will hang off the table, four open holes. There should be 16 extra screws left over for attaching 12" or 24" table extensions.

Attach the two assembled legs to core table. Use the 24 included screws with leg assembly (Box 2).
