

HyperPad

5-in-1 iPad Stand

Pole Clamp

The HyperPad includes a pole clamp that's perfect for attaching your iPad to a microphone stand, or any pole. 8" (20mm) to 1.25" (32mm) in diameter.

Mic Stand

The HyperPad can also be mounted to the top of your favorite microphone stand (5/8" thread) with the included gooseneck arm.

Desktop Clamp

The included desktop clamp and gooseneck arm mounts to any flat overhanging surface from .5" (12.7mm) to 1.63" (41mm) providing a flexible, secure mounting option for your iPad.

Portrait View Stand

For desktop use, the rotatable support leg on the HyperPad gives you the freedom to use your iPad how and where you need - including portrait view!

Landscape View Stand

Whether you're watching movies or working in your favorite music app, you can do so in landscape or portrait view formats with the HyperPad!
