

ULTIMATE SUPPORT™

THE STRENGTH OF INNOVATION

PRO MIC STAND

Road-worthy, compact stands designed for the gigging musician.

Clutch is quick, fast, smooth, and noise-free for easy adjustment. Stackable base cut-out allows six stands to stack in the footprint of one.

PRO HEIGHT & BASES

STANDARD HEIGHT / STACKABLE WEIGHTED BASE

FEATURES OF PRO-SB

Patented Universal Mic Attachment - Top threads fit both US- and metric-threaded mic clips and accessories.

Secure Clutch - Our clutch is fast, secure, and reliable. It locks up smoother and quicker than any other clutch on the market. Now with dual overmolding for a secure grip.

Durable Construction - We use thick steel tubing and rubber foot caps that won't fall off.

Heavy-duty Finish - Strong coating resists rust and scratches.

Sturdy Weighted Base - If you prefer some weight, select a strong, die-cast weighted base in two stable options: standard or stackable. Stackable base cut-out allows up to six stands to stack in the footprint of one for convenient storage and transport.

Limited Lifetime Warranty - This product is constructed of the finest materials and backed by our award-winning customer support. For full details, exclusions, and limitations, as well as information on obtaining warranty service, visit www.ultimatesupport.com.

INSTRUCTIONS FOR SETTING UP THE STAND

1. Screw shaft into weighted base. Weighted bases and shafts are interchangeable.
2. Turn the ergonomic Patented Quarter-Turn Clutch a quarter turn and adjust stand height up or down. Securely retighten clutch.
3. Choose US or metric mic attachment and place mic on stand, then turn MIC-Lock.
